Candlepaint:

Water-based liquid wax for decorating, embellishing and painting of candles and wax sheets.

Instructions:

Cut off or pierce plastic nozzle and apply directly from the bottle. For fine lines and contours put on a painting nozzle. (art. no. 9944503 – 9944509). Allow to dry according to the thickness of the colour application approx. 30 – 120 minutes – maybe longer. The colour can be applied with a paintbrush by the addition of Candlepaintthinner. Mix the required amount of Candlepaint and thinner on a painting palette and use immediately. Candlepaint colours are intermixable. After use – close bottles with the white cap and clean paintbrush and painting nozzle with warm water and washing-up liquid.
